Conshohocken-Based Construction Law Firm Wins Award*Davis, Bucco & Ardizzi Named 2012 Associate Member of the Year*

PHILADELPHIA, PA – January 10, 2013 -- Davis, Bucco & Ardizzi, a Philadelphia law firm specializing in construction law, business and commercial law and labor and employment law, was named 2012 Associate Member of the Year by the Associated Builders and Contractors (ABC) Eastern Pennsylvania Chapter.

The firm, headquartered in Conshohocken, PA, has been recognized with this award each year they have been eligible since the award was initiated in 2002, including in 2008 and 2010. The rules preclude consecutive repeat winners.

Each year, the ABC Eastern PA Chapter honors "Members of the Year" awards. In addition to the Associate Member of the Year award, others include "General Contractor over \$10 Million," "General Contractor under \$10 Million," "Specialty Contractor over \$10 Million," "Specialty Contractor under \$10 Million," and "Supplier Member."

Any ABC Eastern Pennsylvania Chapter member can be considered for Associate Member of the Year upon completion of a self-evaluation form with information such as work they participated in. Consideration is also based on confidential reference and recommendation letters submitted by other ABC members. Letters of reference for Davis, Bucco & Ardizzi primarily come from clients of the law firm.

"We are honored to be recognized for this award," says Dave Davis, Partner at Davis, Bucco & Ardizzi. "We truly value our clients and want to thank them for their continued support and recognition."

Davis adds that the firm dedicates itself to taking a strategic and pragmatic approach to helping clients in every situation.

"Davis, Bucco and Ardizzi has been a valued member of ABC for nearly 30 years and consistently provides outstanding service for many local construction companies," said Mark McMahon, chair of ABC Eastern Pennsylvania Chapter and Vice President of Delran Builders Company of

Wyndmoor. “The firm truly exemplifies what Associate Member of the Year represents to our association, the construction industry and the community.”

The firm was presented with the award at ABC’s annual Awards of Excellence banquet in November. For more information, please visit www.abceastpa.org/Awards_Programs.aspx.
